Jury recommends permits go to Hydro, detectors mandatory

Hydro, detectors mandatory for all renovations

At an all day inquest into the fatal death of Mr. Carman Griffin and his family of Dorset, Ontario on Thursday of last week, a jury of four men and a woman heard testimony which led up to the tragic fire that took the lives of four Dorset people last March 25.

Under the direction of Regional Coroner Dr. F. F. Archdekin at the Leslie Frost Centre, jurors Murray Fearrey, David Mowat, Bob Nichol, Bob Mann and Heather Scully learned of the events that led up to the demise of the family and made several recommendations to the Regional Coroner as a result of this inquest.

Jurors heard testimony from Dorset Fire Chief Ron Payne, OPP Constable Mike Legge, Dr. D. W. Hillard, Huntsville Coroner, Boyd Griffin, brother of the deceased, a friend of the family, a neighbour, from the fire marshall's office, building inspectors, Hydro representatives and others who related the conditions of the home prior to the fire.

Apparently Mr. Griffin was in the process of making renovations to his home when the fire occurred and it was determined that overloaded wiring was the probable cause of the blaze which was first discovered about 4 a.m. on the morning of March 25th by a neighbour Mrs. Marie Chartrand of Dorset who placed the call to the fire department.

When firemen arrived a short time later the entire building was in flames and it was not known if the occupants had perished. OPP Constable Mike Legge arrived about 5:30 a.m. but it was not until the smoke had cleared that the bodies of the deceased persons were found.

Dr. Hillard arrived shortly after 9 a.m. and pronounced Carman 35, Sharon 31, Stuart 5 and Lillian Griffin 8, dead, by asphyxiation and carbon monoxide poisoning attributed by the fire itself.

Among the recommendations the jurors made were the following:

1. That it should be the responsibility of the municipalities to forward a copy of all building permits to the chief inspector in the local district office of Ontario Hydro;
2. Further we would recommend that all meter men in the field should report any building alterations or additions where a building permit is not visible to the same department for follow up;
3. We recommend a public relations campaign by Ontario Hydro to educate the consumer of a hazard inspection that is free of charge so that the public at large will become aware of any electrical faults in their home;
4. Our final recommendation is that any building permit issued for an addition or renovation should also include the necessity of a smoke detector.

Future of County will be heard at public meetings

Recently, much has been said about the future development of Haliburton County and for a number of years a study has been compiled and is now being prepared to be heard at public meetings in the near future. Parts of this study follow:

The various townsites and hamlets have been assessed in terms of their ability to sustain development. The townsite of Minden emerges as the dom-

Ken Rosenberg 1st Express Open Champion

HALIBURTON — On Sunday morning 47 Haliburton County golfers gathered at PineStone Inn for the 1st Highlands Express 18 hole golf tournament and buffet dinner. Ken Rosenberg of Haliburton is seen above be-

ing presented with his trophy by Dysart Reeve Murray Fearrey, as the Open Champion. Ken shot a fine 75, to hold off a charging Hugh Nichol on the 18th hole. Nichol was second with 77. See more results inside.

inant focal point of growth, not only from the viewpoint of the residential sector, but also in the context of commercial and industrial opportunities.

Four communities have been identified as major growth hamlets, namely Dorset, Carnarvon, Wilberforce and Moore Falls. The remaining hamlets, which include Highland Grove, Tory Hill, Gooderham, Gelert, Lochlin, Irondale, Ingoldsby, Maple Lake, Halls Lake and Oxtongue, are identified as minor growth hamlets.

The Strategy also provides for the development of rural estate subdivisions and recreation-retirement

communities in various areas exhibiting suitable physical terrain conditions. Developments of this nature are considered to be in response to the identifiable demands of the Haliburton area.

The Planning Committee of County Council has attempted to prepare a document reflective of local concerns and which serves in the best interest of the general public. In order to accomplish this goal, it has been mandatory for the Committee to proceed as expeditiously as possible with a view to presenting the report to the public in the next few weeks.

WE'RE DEALING ON JOHN DEERE SLEDS!

**Buy now on our finance plan...
pay no finance charges till March.**

Between now and 30 November 1978, you can buy a new John Deere snowmobile the easy way... with the John Deere Finance Plan... and no finance charges will be imposed until 1 March 1979. On 1 March 1979 you may elect to either pay the remaining principal balance owing, or continue the financing agreement with your John Deere dealer. A normal down-payment is required; monthly installments begin on 1 January 1979.

See us today for a good deal on a John Deere snowmobile.

Temporary home for TD Bank in Minden, opens November

MINDEN — On Wednesday afternoon last week, council approved the construction of a temporary building on South Water Street to be the home of the new Toronto Dominion bank. The bank will be located next to the Beaver Theatre.

Construction of a permanent bank building will commence most likely in the spring according to supervisor of premises for T-D, Edward Belcowski. The architects plans are not quite complete as yet, but hopefully construction of the new building will be completed within 18 months.

Mr. Belcowski went on to say that the temporary building will be up and ready for business by the first week of November. It is 32 ft. by 24 ft. and there are three such buildings in Ontario located at Pontypool, Barrie and Manitoulin Island. This temporary building will front on Prince Street so that construction of the new permanent building will not be hindered.

Mr. Belcowski told council that soil samples of the lot have still to be processed to determine whether the building will be a one storey structure with a full basement or two stories with a mezzanine floor without a basement.

He also told council that as many local contractors and subcontractors as possible will be used in construction of the new bank. Tenders will be going out later in the year.

Kinsmen and cystic fibrosis

Kinsmen pledge over half a million to CF Foundation

The year 1963 marked the beginning of the Kinsmen-CF relationship when Dr. Douglas Crozier of the Hospital for Sick Children in Toronto spoke to Kinsmen and explained this serious genetic disease.

The word was spread throughout neighbouring Kinsmen Clubs and the proceeds of a 1964 Tag Day were turned over to cystic fibrosis research.

The Canadian Cystic Fibrosis Foundation was asked to make a formal presentation to Kinsmen and in June 1964 unanimous approval was given whereby Kinsmen accepted CF research as a Major Project.

Since 1964 Kinsmen and Kinettes have raised in excess of \$1,000,000 for cystic fibrosis research.

In addition to monetary participation, Kinsmen and Kinettes actively promote public awareness of cystic fibrosis through information booths at fairs, trade shows, schools, etc., throughout Canada.

The Kinsmen Club of your community is continually seeking methods to educate the public about this disease. The first week of May each year marks the climax of their fund raising drives for CF.

PLEASE GIVE THEM YOUR SUPPORT, FOR THE RICHEST GIFT THAT KINSMEN CAN GIVE IS "THE BREATH OF LIFE" TO A CHILD WITH CF.

Some facts about CF

Cystic fibrosis, or CF, is the most common life-threatening inherited disease of children and young adults. A cure or control for CF is being sought through medical research.

KINNETTE REPORT

by Kinnette Bev Elias

Well another Kinnette year is underway. Our first meeting of the year was held on Tues., Sept. 12 at the Wagon Wheel Motel. Our guests for the evening were Isabel Keefer from Haliburton, who did a demonstration of fashion two-twenty beauty products which we all enjoyed, and thanks to Kinnette Dale for being our model. Also we had two new Kinnettes join us, Norma Amyotte who has just moved from the Port Hope Club and Muriel Hodgins from Minden. A big welcome to both of them.

Well another year and more projects underway which we hope will help the community. Our first project which we have just completed was our Flea Market which we held on Sept. 9 at Minden. To all those people who donated items and their time we wish to say thank you. Our flea market was a great success and all monies earned from this sale goes to Cystic Fibrosis.

We received a letter from Haliburton that there will be a discussion on children with a learning disability, this seems like a worthwhile project, since our children are so important to us, for what is a community without its children? Anyone interested in going please call Kinnette President Marg Prentice for further information, 286-1428.

Get well wishes go out to Kinnette Betty Harrison who is under the weather, get well soon as we miss you.

Announcements: Haliburton Kinnettes meeting Oct 4 and formation night, Oct. 14; next Minden Kinnette executive meeting, Sept. 26 at Lorelea Lodge, Ha Lake; Kinnette general meeting and pot luck supper at Jean Jackson's, Minden on Oct. 11.

How many people really know how much the Kinsmen Clubs of Canada do for their favourite charity, the Canadian Cystic Fibrosis Foundation?

CF chairmen in six districts of the Association of Kinsmen Clubs have reported outstanding results of the districts' 1976-77 CF projects. Cumulatively, they pledged some \$590,700 to support CF research.

In a memo to CCFF's Board of Directors and chapter president, Amy Downs, CCFF executive director, expressed heartfelt thanks to all Kinsmen and Kinettes. 'I am sure that, like me, you are overwhelmed by these results and find it most difficult to find words which will adequately express our gratitude to these enthusiastic and hard working friends of the CCFF.'

District 8, in which the Minden Club is involved raised the most of all eight districts across Canada, \$138,000. In the 13 years that District 8 has supported the CF foundation, this was by far the most dollars ever raised.

Funds raised go towards the following four purposes: to aid those afflicted with cystic fibrosis; to conduct research into improved care and treatment; to promote public awareness through the dissemination of information using all forms of communication and to raise funds and allocate same for the above purposes.

WHAT IS CYSTIC FIBROSIS?

It is the most common life threatening inherited disease of children and young adults. In the lungs, thick mucus impedes normal breathing creating an environment ideal for infections which can cause damage. In the digestive system, the glands which produce enzymes necessary for food absorption do not function properly. One in every 1800 children born in Canada has CF.

This year, Brewers Retail Outlets in Ontario have set aside December for CF. The Kinsmen Clubs

- One in every 1800 children born in Canada has cystic fibrosis.
- CF is second only to cancer in taking young lives.
- CF affects the lungs and the digestive system.

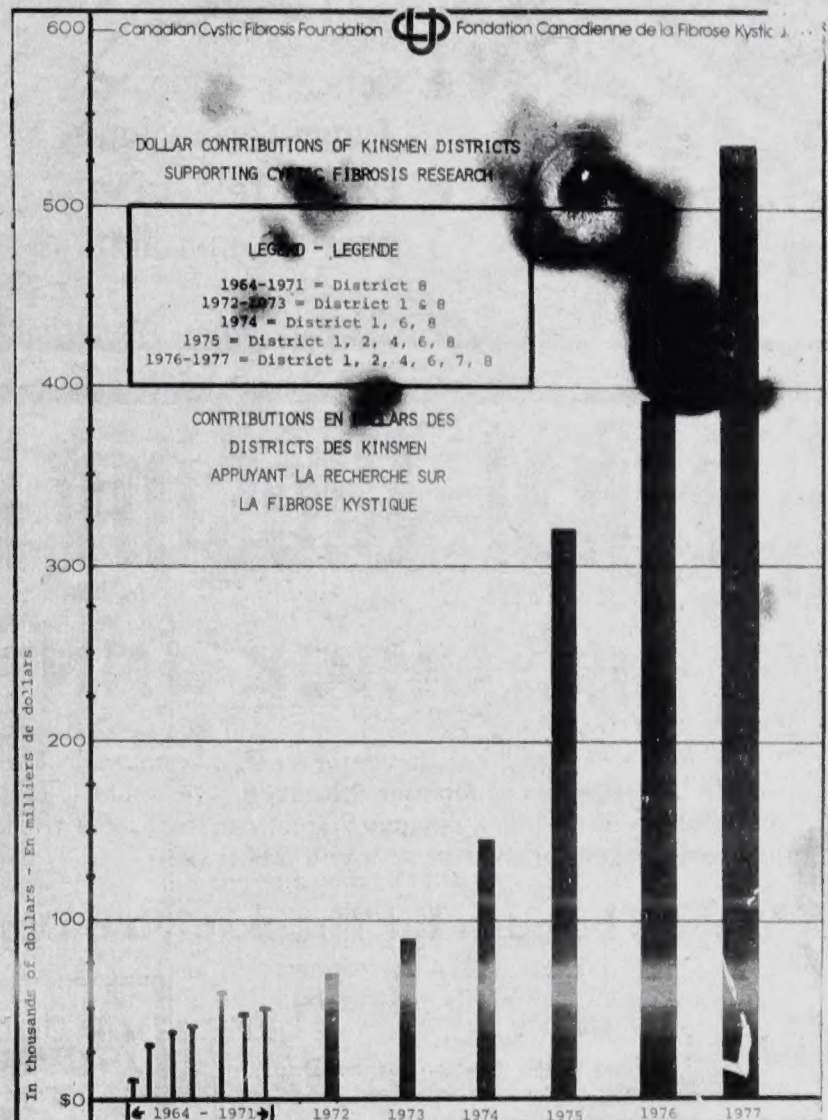

In the lungs, thick mucus impedes normal breathing creating an environment ideal for infections and ultimate damage. In the digestive system, the glands

producing enzymes necessary for nutrition do not function properly; as a result growth is slowed down

- Fifteen years ago, most children with CF died before reaching school age. Today, with early diagnosis and expert treatment more persons with cystic fibrosis are enjoying their adult years and the number is growing.
- Family routine is effected by the extensive daily treatment regimes which must be adhered to. They include: diet and enzyme supplements taken with meals; physiotherapy, such as postural drainage and breathing exercises and oral and inhaled antibiotics.

- Under the supervision of its nationally recognized Medical Advisory Committee the Canadian Cystic Fibrosis Foundation annually awards grants for — **Research projects, aimed at finding a cure or control for CF, professional education and training in areas of medical science pertinent to cystic fibrosis, and support of CF Clinics across Canada, where care and treatment are available for all patients.**

Yes, Gwendolyn, you might say that a cartoonist is a fellow who tunes up your auto.

of Canada will be putting their bubbles (jars) in each outlet. So when you're in picking up that case of beer, instead of pocketing the change why not put it in the CF jar.

if you met these people, would you know they had Cystic Fibrosis?

Children and adults with CF often look as healthy as you. To stay that way they go through a rigorous program of medical treatment and therapy every day.

CF is inherited and incurable.

You know it's good to be alive... so do CF people.

With your help research will find a cure or control.

OPP have a quiet week, report 57 investigations

MINDEN — OPP report the following activity for the period of Sept. 11-17th. During this period the staff investigated 57 general occurrences and seven reportable motor vehicle collisions.

There were three breakins reported, three cottages found insecure, one compassionate message delivered, one person charged with a boating violation, and one person charged with impaired driving.

Two injuries were incurred in three separate collisions last week, one serious, with charges laid against two drivers and charges pending to another.

On Sunday afternoon around 4, on Hwy. 121 near Kinmount, a two vehicle collision occurred, with one driver charged with failing to yield. Glen W. Parks 40, of Oshawa was southbound on Hwy. 121 when a 1977 Jeep, driven by Randy Freitag 22, of RR 3, Bowmanville, who was stopped at a stop sign, at intersecting roads, entered 121 in front of him. Parks took evasive action and lost control on the west shoulder and entered the east ditch striking an embankment.

Police have charged Freitag with failing to yield the right of way. No estimates of damage is available. — PC Al Barnes.

Also on Sunday, a single vehicle collision occurred resulting in \$1000 in damages. Charles H. Stoll 69, of Dorset, suffered minor injuries when the 1972 pickup he was driving eastbound on Cty Road 8, entered the south ditch striking a rock cut. Stoll has been charged by police with careless driving. — PC Barry Connelly.

Early Saturday afternoon, a collision occurred between a 1969 stationwagon and a 1978 motorcycle on the North Stormy Lake Rd. Gerald D. Lazure 21, of Peterborough suffered major injuries when the motorcycle he was driving eastbound rounded a curve and hit the front of a stationwagon driven by Bradley Franklin 34, of Oakville. Charges are pending. Damage to the two vehicles totalled \$1200. — PC Brian Dunham.

OUR WEEKLY BREAD

After the Tower of Babel and in the land of Haran a man called Abram lived there. Abram was the son of Terah, whom descended from Shem.

God told Abram to leave home and that He would bless him and all those that followed him. So Abram did as God told him and took his wife Sarai and Lot his brothers son together with all their goods and cattle and other people from Haran.

As they passed through they came to Shechem. God told Abram that he could have this land, where Abram built an altar to God. Then Abram went on to Bethel where he built another altar to God. Here there was famine in the land so Abram continued to Egypt and lived there and returned to Bethel after the famine. —PM

Just about now is when those garden intentions have gone to seed.

Thankfully, more people get autos than autos get people.

Quebec Bible fund still open

The fund raising dinner that the local Gideons held at the Stanhope Firemen's Hall on Sept. 9th was highly successful and enjoyed by all present.

However, the goal of 1000 Bibles for Montreal hotel placement was not quite reached and the fund remains some \$300 short of the \$2500 needed to fill that goal. Donations for this cause will be graciously received and the fund remains open so the objective can be reached.

Who would not like to meet a soul in Glory who is there because a Bible was placed by you? Should you desire to help meet the objective, send your donation to the treasurer, Mr. Earl Pitts, RR 2, Minden, KOM 2K0.

Hunters advised to buy permits early mail strik pos- Ontario's duck hunters are advised to obtain their Canada migratory bird hunting permits as quickly as possible to avoid a possible mail strike later this month, Natural Resources Minister James Auld said today.

"The permits have been on sale at post offices since Aug. 1 but a postal strike could occur by mid-Sept. about the time peak sales of permits usually begin," Mr. Auld warned.

"Therefore, I suggest that duck hunters should obtain their permits soon, to avoid disappointment if the post offices close."

HCSA Bombi's off to Toronto for overhaul

Shown above are the Haliburton County Snowmobile Association's two Bombi snowmobile trail groomers. They are being loaded on a Prentice Roads trailer to be taken to Bombardier in Toronto for an overhaul. These two machines do a lot of work in the winter months keeping 275 miles of trails open and groomed. Last

week, HCSA had a booth at the International Centre in Toronto for the four days of Sno-Show 79. Mr. Berry told the Express that the show was extremely well attended. HCSA executive are president, Jim Solway; Treasurer Ken Fielding and Secretary Stephen Berry.

Man killed when truck rolls over him on Cty. Rd. 6

EAGLE LAKE — Sometime between the hours of 1 and 2 a.m. on Sunday, Sept. 17th, an Eagle Lake man was crushed beneath the pickup he was driving on County Road 6.

Robert Campagnolo 32, of Eagle Lake was driving his 1969 pickup eastbound when he drove off a curve onto the north shoulder of the road, then to the south shoulder and entered the ditch. The truck then rolled over several times, coming to rest finally on its roof. Campagnolo was thrown from the vehicle and it apparently rolled over him.

According to OPP Constable Wim McGee, this is the third fatality this year, where the driver didn't have his seatbelt on and was thrown from his vehicle.

Coroner at the scene was Dr. R. F. Jamieson of Cobocok. Post Mortem to take place on Monday, Sept. 18th in Lindsay.

Anti-Pollution group formed

On the evening of September 7th, a meeting was held in Minden on the matter of local pollution, by concerned citizens and a committee was formed.

Members of the executive are: Belinda Brown, Eleanor Gilligan, Judy Phillips and president, Sonya Holliday-Rhodes who was a past president of the Park Royal Anti-Pollution committee in Mississauga.

The Haliburton group intends to investigate, among other things: the use of PCB contaminated oil on roads in the County; spraying of dangerous chemicals along roadsides; spraying chemicals by Ontario Hydro; and all forms of lake pollution including the effects of acid rain.

There has been concern about the apparent high

incidence of ear infections in the area and the group suspects lake contamination as a possible contributing factor. Mrs. Holliday-Rhodes was told that the Ministry of the Environment has been doing recent testing of the lakes in the area in an endeavour to find the possible cause of these infections. The group expects to receive their latest report within a few days.

Ask Alma

Dear Alma:
I'm depressed. My symptoms are: apathy, boredom, fatigue and listlessness. And the cure? Please don't tell me to get a job. I don't need the money. — Fenton, Mo.

Dear Fenton:
Visit your doctor to be sure your problem is not functional. If you get a clean bill of health, seek out some volunteer work with the handicapped or chronically ill who really have problems. By comparison, you'll be glad to be you and might find it very fulfilling to be needed and give to someone else.

Roy Parnell 2nd to roll 450

CARNARVON — On Friday afternoon at Carnarvon Lanes, more than 40 of Haliburton Counties senior citizens turned up for the start of a new Golden Age league. Among them was Roy Parnell 76, formerly of Toronto who now, along with his wife Florence live on Stormy Lake, north of Haliburton. In 1949, Roy rolled his perfect game and was honoured by the city of New Toronto, a banquet was held and he was presented with the Brunswick-Balke perfect game award. This was only the second time a perfect game had been bowled in 5 pin history and it came at a time when the five point corner pin had to be knocked down before you could count. On the night Roy bowled his perfect game he began with a 435 followed by a 211 and then 450 for a super 1,096 triple. Roy is a fine addition to our 1000 Lakes Association and the newly formed Golden Age league. Welcome Roy and Flo.

PL takes early bowling lead

CARNARVON — The 1978-79 bowling season officially got underway last Wednesday in the men's commercial league. Although the league was short one team to start the season, competition was keen.

Leading the way was Peterborough Lumber, picking up 19 of a possible 21 pts. The PL team, led by Bob Robinson with a 623 triple, was followed by Modern Electric with 18 pts. The Electrimen were led by perennial leader over the past five years, Ron Robinson Jr., with a 674 triple.

Third spot went to Ingoldsby led by Reg Burk and Eric, with triples of 619 and 596 respectively. The Ingoldsby boys have 15 pts; NorPhoto holds 4th with 14 pts. on the strength of Ivan Clarke's fine 659 triple and Rockcliffe Hotel, 5th with 9 pts.

Leading averages after one week's action: Ron Robinson Jr. 225, Ivan Clarke 219, Bob Robinson 208

The Corporation of
THE TOWNSHIP OF STANHOPE

IN THE MATTER of Section 35 of THE PLANNING ACT
(R.S.O. 1970, c. 349),

— and —

IN THE MATTER of an application by The Corporation of the Township
of Stanhope for approval of it's Restricted Area By-Law 77-15

APPOINTMENT FOR HEARING

THE ONTARIO MUNICIPAL BOARD hereby appoints Monday, the 23rd day of October, 1978 at the hour of one o'clock (Local Time) in the afternoon at the Stanhope Firefighter's Community Hall, North Shore Road, Township of Stanhope for the hearing of all parties interested in supporting or opposing this application.

If you do not attend and are not represented at this hearing, the Board may proceed in your absence and you will not be entitled to any further notice of the proceedings.

In the event the decision is reserved, persons taking part in the hearing may request a copy of the decision from the presiding Board Member. Such decision will be mailed to you when available.

DATED at Toronto this 4th day of August, 1978.

EXPLANATORY NOTE
BYLAW 77-15

Corporation of The Township of Stanhope

The By-Law applies to the whole of the Corporation of the Township of Stanhope. The By-Law was passed by the Council of the Corporation of the Township of Stanhope, under the authority of Section 35 of The Planning Act, R.S.O. 1970, c. 349, as amended.

The general purpose of the By-Law is as follows:

- (1) to regulate the use of lands and the character, location and the use of all buildings and structures by specifying minimum lot areas, frontages, lot coverage, dwelling unit size, separation distances and similar concerns so as to produce areas of compatible characteristics;
- (2) to prohibit certain uses of land and the erection and use of certain buildings and structures thereon so as to provide protection for the residents against undesirable uses;
- (3) to prohibit the development of particular lands that would create an adverse effect on the Township or would jeopardize future orderly development and expansion.
- (4) to obtain public input and opinions from individuals owning lands in proximity to any area being proposed for a future change in zoning.

The provisions of the By-Law shall apply throughout all of the area within the Corporation of the Township of Stanhope and, after the approval of the By-Law, no land, building, structure, excavation, lot or premise shall be used or occupied, and no building, structure or excavation shall be erected, altered or made, in whole or in part, for any purpose except in conformity with the By-Law's provisions.

The By-Law divides the Corporation of the Township of Stanhope into various Land Use Categories (Zones) in accordance with Plate "A", Maps 1 and 2 of which there are approximately thirteen (13) Zones.

Plate "B" of the By-Law lists all of the uses and activities which are permitted in each of the Zone categories. Accessory buildings normally as-

sociated with the main use on the lot are also permitted. Generally, the permitted uses in each Zone are as follows:

- | | |
|-------------------------------|---|
| OS Open Space Zone | — recreational activities, conservation, boat launching and similar activities. |
| RU Rural Zone | — permanent homes, cottages, farms, parks, schools, churches and similar uses. |
| RE Rural Estate Zone | — permanent homes |
| RR Rural Residential Zone | — permanent homes |
| HR Hamlet Residential Zone | — permanent homes, converted homes, boarding or lodging homes, parks, churches, schools and similar uses. |
| SR Shoreline Residential Zone | — permanent homes, cottages, boat launching facilities, parks and churches. |
| MH Mobile Home Zone | — mobile home |
| C1 Highway Commercial Zone | — permanent home, convenience store, restaurant, hotel, marine, motel, service station and similar uses. |
| C2 General Commercial Zone | — permanent home, assembly hall, bank, offices, convenience store, restaurant, medical clinic, service shops, retail stores and similar uses. |
| SC Seasonal Commercial Zone | — permanent home, boat storage, boat launching, assembly hall, camp, hotel, lodge, motel, private park, tourist facilities and similar uses. |
| M1 General Industrial Zone | — boat storage, builder's supply, contractor's yard, fuel storage, manufacturing plants, saw mill, workshop and similar uses. |
| M2 Extractive Industrial Zone | — gravel pit, quarry, open storage. |
| M3 Waste Disposal Industrial | — sanitary landfill, dump. |

If the particular type of land use or Zone is of a residential nature, then reference should be made to Plate "C" for specific regulations and standards affecting residential uses.

If the particular type of land use or Zone is something other than residential, then reference should be made to Plate "D" for specific regulations and standards affecting non-residential uses.

In addition to land uses and regulations referred to above, certain conditions and provisions apply to all lots, buildings and structures, and these, together with definitions are found in Part III of the By-Law.

It is strongly urged that every property owner examine the text and Plates of the By-Law to determine the status of his or her property and note how he or she is affected by the By-Law. The importance of checking the regulations affecting your property cannot be overemphasized.

Notwithstanding the foregoing statements, the By-Law shall not apply to prevent or hinder the continued use of any land, building, structure, excavation, lot or premise, which on the day of passing of this By-Law was legally used, erected or occupied for any purpose prohibited by the By-Law, so long as it continues to be used for that purpose.

GERALD C. BAIN, Clerk Treasurer,
Corporation of the Township of Stanhope

Ken Rosenberg holds Nichol off, wins 1st Express Open

HALIBURTON — The 1st annual Highlands Express Open, 18-hole golf tournament held at PineStone Inn and Country Club on Sunday is now history, and Ken Rosenberg of Haliburton is the first champion.

The tournament, played in cool, damp weather for most of the front nine, didn't seem to hamper Ken as he came in with a fine 36. For the back nine the temperature went up, the fairways dried out and golfing was a real pleasure. However, Kenny, who seemed a sure winner of the day after nine holes, found himself tied with young Hugh Nichol after 17 holes. At the 18th hole Ken teed his ball and hit a rather bad shot, failing to reach the top of the hill. Hugh then placed his tee shot at the crest of the hill and it looked like an upset was in the making. But it wasn't to be as Ken put his second shot on the green and Hugh sliced his second into the bush. Ken finished the tournament with a great 75 and Hugh, 77.

Ken picked up the Haliburton Lumber and Enterprises trophy donated by Murray Fearrey, plus a beautiful keeper trophy and a wall clock.

Low net winner was Bob Nichol Jr. who shot a 79 gross score and had eight handicap strokes for 71. Bob won a keeper trophy and a wall clock also. A flight winner went to Jack Snell with a 71 (nine handicap) B flight winner was Cliff Burke 71 (14h) C flight winner was Dave Hartwick 72 (10h). All won beautiful table lamps.

Second in each of A, B, and C flights were Dave Stevens, Hugh Nichol and J. O. Jackson. Third in the flights were Alec Dolensky, Graham Gilhooley and Murray Fearrey.

Winners of the special awards were: Closest to the hole on the 173 yard par 3, sixth, Warren Payne (3ft.) Longest drive on the 339 yard eighth, John Lawson, Most Honest Golfer, Ed Pettinger (108) and Hidden Hole, Don Blakey.

Here are the gross scores for the 1st annual Express Open tournament:

K Rosenberg 75; H Nichol 77; B Nichol 79; L Bull 81; K Wilson 81; J Snell 82; D Hartwick 82; D Stevens 83; L Rosenberg 84; Cliff Burke 85; K Stevenson Sr. 85; J. O. Jackson 86; B Nichol Sr. 86; J Wilson 87; K Hewitt 87; S Cooper 89; J Yakeman 89; R Hartwick 89; A Dolensky 90; J Todd 90; A Wickens 93; G Gilhooley 94; D Hewitt 94; A Dawson 94; B Billings 94; Murray Fearrey 95; A Arbuthnot 96; K Stevenson Jr. 97; R Miller 97; W Johnson 97; W Payne 97; B Collier 98; B Lloyd 98; B Madill 99; D Davies 99; B Austin 100; B Davis 101; J O'Toole 103; H Gill 104; J Pillsworth 104; L Coburn 106; R Ellison 107; K McIntosh 108; E Pettinger 108; W Jarvis 108; D Blakey 109; J Lawson 117.

On behalf of the Highlands Express, we would like to thank all those who took part in this inaugural tournament, hope you all had a very good day and hope you will be back next year, September 16 at PineStone commencing at 10 a.m.

Ontario Bowlers Congress

elects new board members

Members of the Board of Directors of the Ontario Bowlers Congress at their meeting in Toronto on September 6th, elected two new members to the board to fill vacancies for the balance of the '78-79 season.

The new members are Elwood Miller of Strathroy and Rheel Champagne of Brampton. Both men will be popular with OBC members and executives who have worked with them at the house and zone levels over the years, and we know both will make a valuable contribution to the work of the OBC.

The two vacancies on the board were occasioned by the recent resignations of directors Bill Bird of Sudbury and Betty Reid of Markham. Both Bill and Betty were obliged to resign their elected posts when they accepted paid positions on the OBC staff in Scarborough.

Manpower gives 416 jobs

During the month of August 1978, 416 persons were placed in regular full time employment, and 66 persons obtained employment outside the Peterborough area according to Don Wells, manager for the UIC and Canada Manpower Centre.

A total of 306 persons were placed in temporary or casual jobs in August. Mr. Wells also stated that during August 11 individuals or families received assistance to move to areas where their skills were in demand. Eleven others received assistance to attend interviews for employment in other areas, and 59 persons received assistance to travel to temporary employment, this was primarily for tobacco picking in South Western Ontario.

The Peterborough Centre processed 1824 new and revived applications during the month and report a total of 6,927 persons registered as being unemployed and seeking work. Of these 1,523 are registered as students.

Mr. Wells also stated that the Employment Tax Credit program has started to show results and to date a total of 35 employers have taken advantage of this program, resulting in 59 full time positions created. He also stated any employers who would like more information about this program should contact Gerry Hales at 745-0551.

PARTICIPATION

Do something for
somebody... Your body!

Samantha READS YOUR STARS

If you were born this week: You are a lover of beauty and may be artistic. You are refined and coarse behavior or speech immediately turn you off. You may have difficulty making decisions because you see the merit in each course of action. Harmony and balance are very important to you.

ARIES (3-21/4-19): Don't mistake that quiet, peaceable one for a wishy-washy type, Aries. There's an iron will under the easy-going surface and you should realize that before you run right smack into it! Aiming for a balanced budget should also be on the agenda.

TAURUS (4-20/5-20): The week ahead could well deal with apron strings, Taurus. And, just as there are many kinds of apron strings, so are there many ways to tie them and many ways to untie them. Hope this doesn't prove to be too knotty a problem!

GEMINI (5-21/6-20): Take a

peek at your priorities, Gem, baby. Reinforce weak seams. Let out a bit here. Take a tuck there, and generally rearrange for a better fit all over. Latter days hold love — all kinds and in great abundance.

MOONCHILD (6-21/7-22): A piece of classified material could come your way, Moonbeam. Treat it as such and it can be very helpful. Later, domestic concerns require judicious thought and complete fairness. And, a bit of flexibility won't hurt, either. Finally, go for a walk in the autumn leaves.

LEO (7-23/8-22): Keep emotions under control. Hard work will be rewarded, but temper tantrums won't, sweetheart. Later, don't talk, Leo. Just listen and separate the wheat from the chaff.

VIRGO (8-23/9-22): Good vibes open your week, Virgo, and you can come to several wise and productive decisions. Then, to avoid a hair-raising experience, be willing to play tortoise to another's hare — you know who'll win the race, so don't worry about a lap. Days come to classy and congenial close.

LIBRA (9-23/10-23): The sun enters your sign this week, Libra, warming you with enthusiasm, zest and well-being. It's a new solar year for you, full of the excitement of discovering and exploring new depths and talents within yourself.

SCORPIO (10-24/11-22): Be organized and be discreet this week, Scorp. Others are very important in the week's activities, and cooperation is

essential. Later, put away your problems and play. Cupid is quarterback and the game is love!

SAGITTARIUS (11-23/12-21): Tend to duties and obligations, Sag. You can't sidestep 'em, and you won't get by with doing a half-way job, either. New acquaintance catches your eye. This relationship could develop along spicy lines.

CAPRICORN (12-22/1-19): Consider all the angles this week, Cappy. Your normal single-minded approach stands you in good stead most of the time, but using it now risks missing several important ingredients. Days also hold romance and romps.

AQUARIUS (1-20/2-19): Focus on affairs at home, Aquari,

and look for an unannounced visitor. Creativity and love sparkle throughout the days. Each out-doing the other! Last, but not least, settle down to business, especially financial details.

PISCES (2-20/3-20): You're sympathetic and generous, Pisces, but don't try to solve other people's problems this week. You can give a little advice, and then, if you're smart, you'll bow out and let them carry on from there.

Thinking Slim BY JEAN NIDETCH

To all the women out
there who are about to
become "football" widows
again — courage.

And to those of you who
are also on a weight control
program, I want to talk
about one aspect of sports
which may make them
more palatable to you —
